

OC Tutorial Bonus Program

We will collect your solutions to the exercise sheets at three tutorial dates without prior notice. If you answered 75 % of the exercises correctly in each of the collected problem sets, your oral examination grade will be improved by 0.3 or 0.4 - except for grades 1.0 and failed examinations.

For example, if you achieve a raw mark of 1.3 in the oral exam, you will end up with an overall grade of 1.0 with the bonus. For a raw mark of 1.7, you will score a 1.3 in case you qualified for the bonus.

Submission Guidelines

Please submit your solution in **pdf format only**. You can scan your hand-written solution and compile it in one pdf file.

Please make sure your scanned solution meets the following requirements:

- Your hand-writing is readable and has good contrast compared to the background.
- All the pages are in focus and not over saturated by flash.
- All the pages are in correct orientation.
- Name the pdf file as follows:

lastname_MatriculationNumber_PSXX.pdf

In case your last name is “Mustermann”, your matriculation number is 1511980, and you want to submit your solutions to the first problem set, the filename has to be

Mustermann_1511980_PS01.pdf

Remarks:

- **Never** submit multiple image files as a solution.
- Late submissions cannot be considered.

Failure to comply with the guidelines will result in your submission not being considered!
